

ORACLE®**CERTIFICATION PROGRAM****Examination Score Report****Rafal Kruszewski****Oracle Testing ID: OC1840010****1Z0-811 Java Foundations****Exam Date:** 15/12/2018**Registration:** 345577306**Center ID:** 67629**Your Score:** 70%**Passing Score:** 65%**Result:** Pass

Feedback on your performance is printed below. The report lists the objectives for which you answered a question incorrectly.

- Cast a value from one data type to another including automatic and manual promotion
- Compare and contrast the for, while, and do-while loops
- Compile and execute a Java program
- Create and manipulate an ArrayList
- Declare and initialize a String variable
- Describe a static method and demonstrate its use within a program
- Describe and create a method
- Describe the Java Development Kit (JDK) and the Java Runtime Environment (JRE)
- Describe the components of a basic Java program
- Describe the real world applications of Java
- Describe the relationship between an object and its members
- Develop code that uses break and continue statements
- Import other Java packages to make them accessible in your code
- Use Java reserved words
- Use Random class
- Use a do-while loop
- Use a for loop including an enhanced for loop
- Use exception handling
- Use the decision making statement (if-then and if-then-else)
- Use try and catch block

If this is the final exam in your certification path, you are required to complete the following steps.

- Visit certification.oracle.com and select your certification path to ensure you are aware of all certification requirements.
 - Note that completion of the required training and approval of the course submission form are also required in paths that require training.
- Check certview.oracle.com to confirm that all completed components are in your profile.
 - If exams that you have taken do not show up, you may have taken them under a different Oracle Testing ID.
 - Contact www.pearsonvue.com/oracle/contact to merge your IDs (provide all IDs under which you have taken exams or submitted forms and confirm which ID should be the 'surviving id').
